

DATA VERIFICATION

At Draft n Craft, we specialize in Data
Verification solutions that ensure accuracy
and integrity throughout your Intellectual
Property (IP) lifecycle. Our dedicated team
meticulously verifies information, enabling
you to make informed decisions with
confidence. Trust us to streamline your data
processes and enhance the reliability of your
IP management.

OUR SERVICES

- Keeping your IP data accurate, clear, and complete.
- Verification of data in IP Management Software.
- Creating deadlines for verified cases.
- Establishing new matters and transferring file history.
- Ensuring annuity and renewal deadlines are accurately generated.

WHY CHOOSE US

- Data verification for over 50,000 IP records.
- Robust agent network for offline jurisdictions.
- Preferential pricing through our agent network.
- Flexibility to use your preferred agent network for offline jurisdictions.
- Semi-automated processes that help reduce costs.

Trained paralegals proficient in data verification and decision-making, skilled in patents and trademarks, with a keen attention to detail for identifying duplicates, ensuring a clean database and accurate docketing of current actions.
